

## Create a Photostory

Start creating your own photostory by thinking about the two main characters and the storyline. Use a simple checklist to remember what you need to do and bring when you begin taking photos.

| Character One                                    | Character Two                                    |
|--------------------------------------------------|--------------------------------------------------|
| Name:                                            | Name:                                            |
| Age:                                             | Age:                                             |
| Description:                                     | Description:                                     |
| What do they look like? Draw in the space below. | What do they look like? Draw in the space below. |
|                                                  |                                                  |

## Create a Photostory

### Plan your storyline

Plan each of the three scenes in your story.

|                                          |                                          |                                            |
|------------------------------------------|------------------------------------------|--------------------------------------------|
| What happens in the beginning?           | What happens in the middle?              | What happens in the end?                   |
|                                          |                                          |                                            |
|                                          |                                          |                                            |
|                                          |                                          |                                            |
| Draw a picture for photo one.            | Draw a picture for photo two.            | Draw a picture for photo three.            |
|                                          |                                          |                                            |
|                                          |                                          |                                            |
| Where will you take photo one?           | Where will you take photo two?           | Where will you take photo three?           |
|                                          |                                          |                                            |
| What do you need to bring for photo one? | What do you need to bring for photo two? | What do you need to bring for photo three? |
|                                          |                                          |                                            |
|                                          |                                          |                                            |
|                                          |                                          |                                            |
|                                          |                                          |                                            |
|                                          |                                          |                                            |

## Create a Photostory

### Checklist

Use your checklist to help you remember what you need to do while making your photostory.

| √ | Checklist                                  |
|---|--------------------------------------------|
|   | I have my two characters ready.            |
|   | I have collected all my props.             |
|   | I have a camera ready.                     |
|   | I have taken picture one.                  |
|   | I have taken picture two.                  |
|   | I have taken picture three.                |
|   | I have put my pictures on to the computer. |

### What's next

Once you have taken your pictures, use the My First Photostory Activity Sheet to create your story, or simply tell your story straight from the computer screen.

### What have you learned?

- What were your two characters called?
- What was the storyline for the start, middle and end?
- How did your story make you feel?
- What did you need to remember when planning your story?
- What was your favorite photo and why?
