

The Object Challenge

A game of imagination and acting.

Make

1. With a friend or family member collect 5 or 6 different objects each from around your house.
2. Hide these in a bag or box so the other person cannot see, and take turns to pull out an object.
3. When it's your turn, transform the object by quickly thinking about, and then acting out what else it could be. For example, if you reveal a water bottle, respond with "this isn't a water bottle, it's a...". Try not to think too hard. Use the ideas that 'pop' into your imagination.
4. Set yourself a challenge to see if you can get 5, 10 or even 20 ideas from one object!
